

Dear Community Business Leader:

Touchstone Health Services, a non-profit 501 (c) (3) organization, partners with youth and their families to provide evidence-based services as well as support to help them acquire the skills to live productive and responsible lives through community outreach programs that address the needs, barriers, and strengths of the community. The CARE (Community Alliance for Resources and Education) Coalition in partnership with Touchstone Health Services will be hosting the CARE Conference: *Empowering Communities and Inspiring Youth*, in-person for adults on **March 1, 2024**.

The purpose of this conference is to attract members of the community i.e., caregivers, educators, and youth-serving organizations. The goal is to promote young people's well-being and community resiliency by providing informative and educational presentations and awareness of services that are available to assist them in their daily lives.

We expect to have a significant number of collaborating community agencies to enlighten attendees on the available services within their community. If you are looking to make a difference, this is undoubtedly a great way to do so. Participation is completely free!

We are currently looking for contributors to donate raffle items or coupons for services. There will be raffles held throughout the conference and we would greatly appreciate any contributions you can offer. Your contribution will help us give back to the community. If you are unable to donate, we still encourage your attendance at the in-person event.

With any type of contribution, our Coalition provides free advertisement on all our social media outlets (Twitter, Facebook, Instagram), our coalition website (carecoalitionaz.org), and will be showcased at our conference as a thank you for your support and contribution.

If you are interested in contributing to this conference, please fill out the sponsor form and return to Maria Navarrete at Maria.Navarrete@touchstonebh.org, or you may call 602-451-7422 for any questions or concerns.

Thank you in advance for your consideration to be a part of this wonderful conference.

Sincerely,
Prevention Supervisor
Maria Navarrete
